

# American Legion Auxiliary Volunteer Girls State

## Parental notification of ALA VGS web site and media activities

ALA Volunteer Girls State (VGS) will publish on its website at [www.volunteergirlsstate.org](http://www.volunteergirlsstate.org) photographs of ALA VGS participants, including city pictures and candid shots of various ALA VGS activities. Families and friends are invited to visit our web site throughout the week. For privacy and security reasons, students' names are generally not published on the website. Exception may be the names of students selected to key ALA VGS offices, including the Governor, Supreme Court or Girls Nation Senators.

Newspapers and radio and television stations frequently visit ALA VGS to interview and photograph students for stories that they publish locally.

I, the Parent or Guardian of \_\_\_\_\_, understand that my daughter's picture or name may appear in the ALA VGS website or in local media publications as a routine part of her participation in the program.
